HOUSE OF EVULV IDENTITY 2

Brand Identity Manual

The House of Evulv emblem and the Sentinels of Peace seal: the versions, colours, typefaces and rules that keep them consistent on screen, in print and on stage.

October 2026

HOUSE OF

EVULV

PEACE | HEALING | EVOLUTION

ELEVATING HUMANITY, EVOLVING CONSCIOUSNESS

One house, one programme

House of Evulv is the parent. The Sentinels of Peace Grand Honours is its programme. Both share the same gold, the same lettering and the same dove, so they read as one family.

HOUSE OF
EVULV
PEACE | HEALING | EVOLUTION

House of Evulv. The organisation, its programmes for peace, healing and growth, partnerships and correspondence.

SENTINELS OF PEACE
BY HOUSE OF EVULV

Sentinels of Peace. Nominations, the Grand Honours ceremony, certificates, plaques and sponsor material.

The emblem

Five elements in one circle.

Tree of life	Twenty-one leaves in gold and silver, crowning a figure with arms raised.
Helix	The trunk of the tree, drawn as a strand of DNA.
Dove	Flying in from the left, an olive branch held in its beak.
Lotus and water	Rising on the right from two lines of still water.
Open ring	A circle left open at the top, where the crown of the tree rises through it.

Every element is drawn as clean vector geometry with a fine gap between overlapping parts, so the emblem stays crisp from a lapel pin to a stage backdrop.

Peace, healing, evolution

The tagline is drawn into the emblem. Each word has its own element, and each element is supplied as a separate file for use on its own.

Peace THE DOVE

The dove carrying an olive branch is the oldest sign of peace: the flood is over and the land is safe again. It flies toward the tree, bringing peace to the person at its centre. The same dove sits on the shield of the Sentinels of Peace.

Healing THE LOTUS AND WATER

The lotus roots in still, muddy water and opens clean above it. It stands for recovery and renewal: what was hurt becomes whole. The water beneath it is calm, the state healing returns a person to.

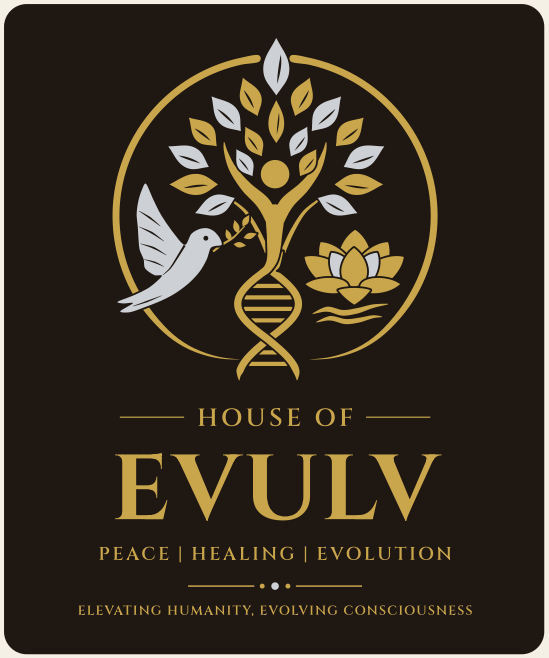

Evolution THE TREE OF LIFE

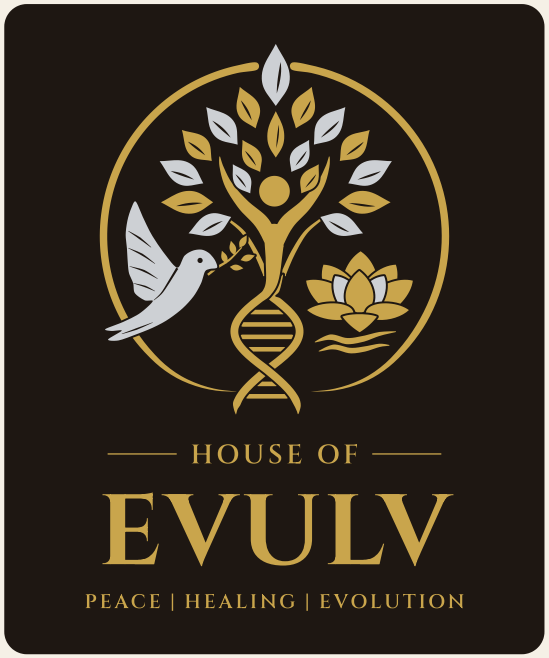

A person grows into a tree, rooted in a strand of DNA and rising into a crown of leaves. Growth that starts within and keeps reaching upward. The crown breaks through the open ring: evolution goes past its limits.

Versions

Use the full logo where there is room for the whole statement. Step down to a smaller version when space or size calls for it.

Full logo. Emblem, name, tagline and the line "Elevating humanity, evolving consciousness". Covers, stage, banners.

Logo. Without the long line. Documents, invitations, website footer.

Horizontal. Wide spaces: website header, letterhead, email signature, partner pages.

Emblem. Seals, stamps, merchandise, pattern.

Icon. The tree, figure and helix, for small sizes: favicon, app icon, profile picture.

Wordmark. Where the emblem already appears nearby.

Colourways

Choose by background. The first four are made for espresso or black; the last three for ivory or white.

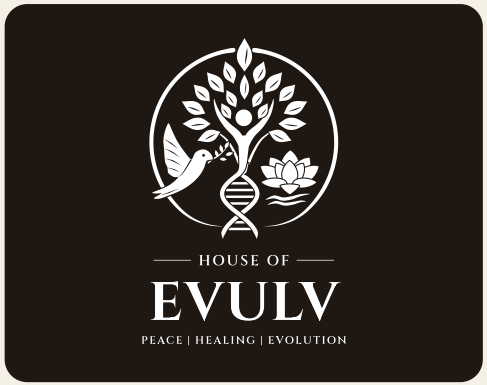

Gold and silver. The signature colourway. Dark backgrounds, stage, screens.

Gold and ivory. Dark backgrounds where silver is not available, such as two-colour print.

Gold. One-colour gold: foil, embossing, engraving, embroidery.

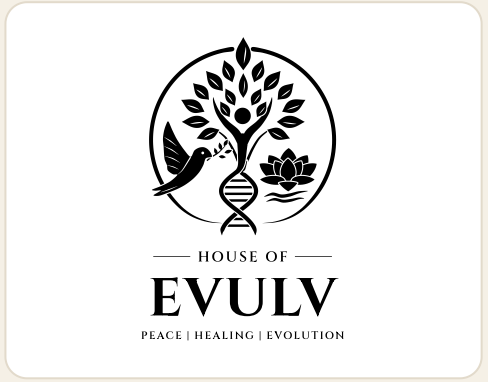

White. On photographs and dark panels.

Bronze. Gold on light paper and light screens.

Espresso. One colour on light backgrounds.

Black. Newspaper, fax, rubber stamps, single-colour print.

Every version, every colourway

All versions on the previous page come in these seven colourways, as SVG and as transparent PNG, 2400 pixels wide.

The seal

Honour for those who stand guard over peace.

The guards	Two sentinels stand watch on either side, spears upright. Those who keep the peace.
The shield	Protection. It holds what the sentinels guard.
The dove and olive	Peace itself, at the centre of the shield. The same dove as House of Evulv.
The sword	Pointed down and at rest beneath the dove. Strength held in reserve.
The laurels	Honour, rising on both sides of the sword.
The steps and star	The podium of recognition, and a guiding star above the name.

Versions

Full logo. Seal with "By House of Evulv". Certificates, invitations, stage.

Seal. Plaques, medals, foil stamps, the website.

Horizontal. Website header, email signature, sponsor pages, lower thirds.

Crest. The shield alone, for small sizes: favicon, lapel pin, social icon.

Wordmark. Where the seal already appears nearby.

Colourways

Choose by background. The first four are made for espresso or black; the last three for ivory or white.

Gold and silver. The signature colourway. Dark backgrounds, stage, screens.

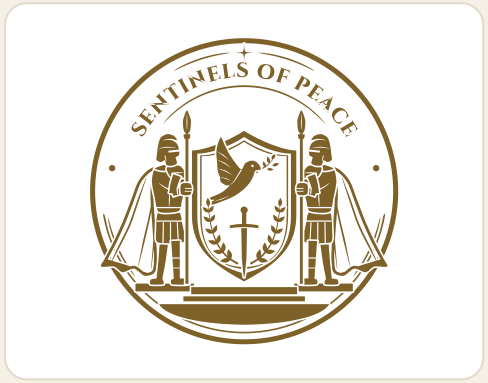

Gold and ivory. Dark backgrounds where silver is not available, such as two-colour print.

Gold. One-colour gold: foil, embossing, engraving, embroidery.

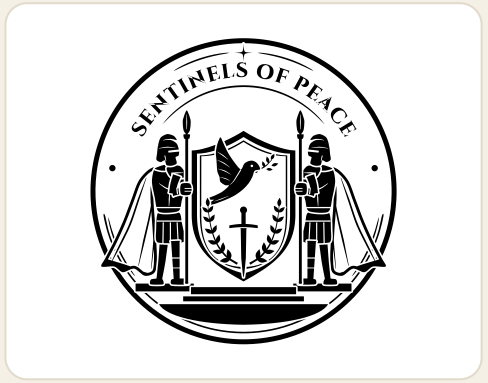

White. On photographs and dark panels.

Bronze. Gold on light paper and light screens.

Espresso. One colour on light backgrounds.

Black. Newspaper, fax, rubber stamps, single-colour print.

Every version, every colourway

All versions on the previous page come in these seven colourways, as SVG and as transparent PNG, 2400 pixels wide.

04 SMALL SIZES

Built to work small

Below the minimum size of each emblem, switch to the icon or the crest. The favicon files use a heavier, one-colour drawing made for 16 to 48 pixels.

House of Evulv

App icon, then the favicon at 16, 32 and 48 pixels, enlarged to show every pixel.

Sentinels of Peace

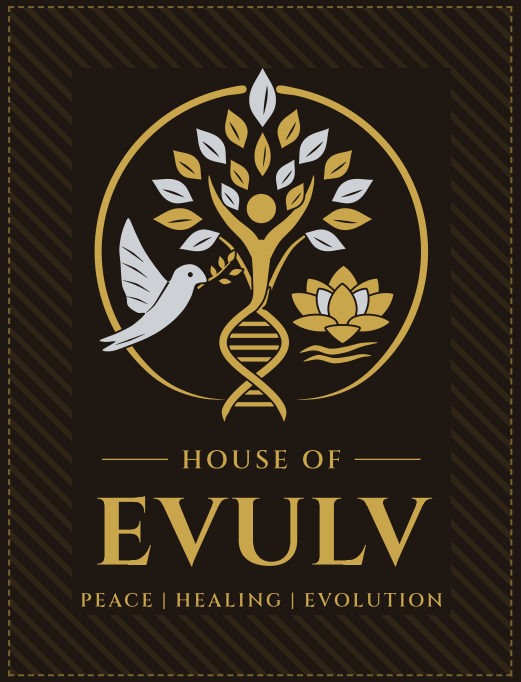

App icon, then the favicon at 16, 32 and 48 pixels.

VERSION	SMALLEST IN PRINT	SMALLEST ON SCREEN	BELOW THAT, USE
House full logo	40 mm wide	240 px wide	Logo, then horizontal
House horizontal	45 mm wide	200 px wide	Icon
House emblem	20 mm	96 px	Icon
Sentinels seal	25 mm	120 px	Crest
Icon and crest	8 mm	24 px	Favicon file, 16 to 48 px

05 CLEAR SPACE

Room around every logo

Nothing enters the shaded area: no text, no edge of the page, no other logo.

House of Evulv. Clear space equal to the height of the words "HOUSE OF" doubled, on every side.

Sentinels of Peace. Clear space equal to one tenth of the seal's diameter. On certificates and plaques, give it more.

06 COLOUR

Gold and silver on espresso

A warm dark brown carries the identity, with gold as the lead metal and silver as its partner. CMYK values are a starting point; ask the printer for a proof against the HEX values.

Evulv Gold
HEX #C9A54C
RGB 201 165 76
CMYK 0 18 62 21
Emblems, lettering, accents. On dark only.

Bronze
HEX #7E6029
RGB 126 96 41
CMYK 0 24 67 51
Gold on light backgrounds and small gold text.

Espresso
HEX #1E1712
RGB 30 23 18
CMYK 0 23 40 88
Main dark background. Body text on ivory.

Ivory
HEX #F5F0E6
RGB 245 240 230
CMYK 0 2 6 4
Light background. The dove on dark.

Silver
HEX #CDD0D4
RGB 205 208 212
CMYK 3 2 0 17
Second metal: alternate leaves, the dove.

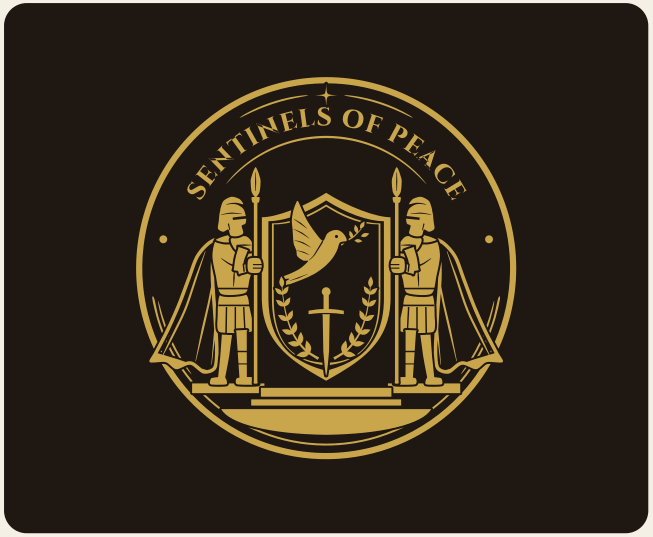

Black
HEX #0B0907
RGB 11 9 7
CMYK 0 18 36 96
Deepest background. One-colour print.

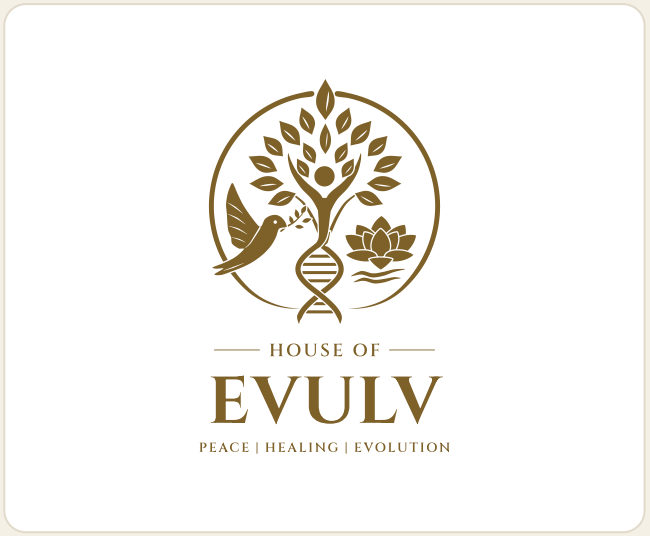

Rough share of a typical page: mostly espresso, ivory for reading, gold and silver as highlights.

Making the metals look like metal

Gold and silver look their richest as metallic foil, or as flat colour on a dark ground.

Print: foil. Certificates, plaques and invitations. Send the gold file as the foil plate and ask for gold metallic foil; send the silver parts as a second foil plate for the two-metal version.

On light: bronze. Evulv Gold on ivory has a contrast of only 2.1 to 1. Bronze reaches 5.2 to 1 on ivory and 5.9 to 1 on white, so use it for gold on light paper and screens.

On dark: gold and silver. Gold reaches 7.6 to 1 on espresso and 9.0 to 1 on black. Silver reaches 11.4 to 1 on espresso.

WHERE	USE	AVOID
Certificates and plaques	Foil on ivory, espresso or black stock	Printed gradients that imitate shine
Screens and social media	Gold and silver on espresso or black	Evulv Gold on white or ivory
Stage and backdrops	Gold-and-silver or gold file on espresso	Logos over busy photographs without a dark panel

08 TYPOGRAPHY

Cinzel and Manrope

Cinzel carries the classical capitals of the logos into headings. Manrope keeps body text clear and modern. Both are free under the SIL Open Font License from Google Fonts.
